UNION STATE TICKET.

JUDICIAL ELECTION.

To be held on Wednesday, October 16th.

For Justice of the Supreme Court,

JOHN CURREY.

For Superintendent of Public Instruction,

JOHN SWETT.

COUNTY NOMINATIONS.

For County Judge,

DAVID W. SPEAR.

TOWNSHIP NOMINATIONS—No. 4.

For Justice of the Peace, C. J. BROWN

N. R. D. TRAPAGNEN

TOWNSHIP NOMINATIONS—No. 11.

For Justices of the Peace, MOSES HEATH,

CHARLES E. OLNEY.

PERSONAL.—S. R. Case, Superintendent of Common Schools, paid our office a visit last week. He had been to Cisco on official business, where he reports the public school to be in a flourishing condition. Mr. Case also informed us that he should endeavor to have a separate school district created of the districts of Dutch Flat and Cisco, thus enabling the large number of children who reside in the upper portion of this district the advantages of a school, which they are now deprived of by reason of the great distance the would be obliged to travel in order to attend the school at this place. The matter is in good hands, and whatever can be done we are satisfied Mr. Case will do.

U. S. SENATOR.—Now that the Democrats have an undisputed majority on joint ballot, and a Democratic Senator is a foregone conclusion, we hope the majority will at least give us a decent man, one of talent, and if possible a gentleman of ability. Such an one we know in the person of the Hon. Frank Tilford. Of all the Copperheads and pretended Union men we have heard spoken of in connection with this position, we think Mr. Tilford stands head and shoulders above them all.

CANDIDATE.—We see by the Meadow Lake Sun that Ellis Edwards, of that place is a candidate for the position of Sergeant-at-Arms of the Senate. Mr. Edwards is a gentleman every way worthy the position, and the members could do no better than secure the services of this reliable Unionist. He is a first-class business man, courteous and kind to all with whom he comes in contact, and one of the most trustworthy men in the State. He would get our support, if we had a dozen votes.

ANOTHER GONE.—John R. Ridge, editor of the Grass Valley National, died at his residence in that place on Saturday last of brain fever. Mr. Ridge claimed to be the legitimate chief of the Cherokee Nation, and went East about a year ago to press his claims, but was defeated by Ross. He was a good writer and an accomplished gentleman.

BALL.—Mr. Jewell, proprietor of Hackett's Hotel, Gold Run, will give a ball on Tuesday, October 22d, to which the public generally are respectfully invited. From the well-known abilities of Mr. Jewell and his accomplished lady in all matters of this kind, we may safely promise those who attend an evening of unalloyed pleasure. Invitation tickets will be issued in a few days.

PREPARING.—Messrs. Seffens and Morris, who run carriages to the depot at this place to accommodate the passengers who arrive and depart on the several trains, are building a commodious shed at the depot to protect their vehicles and the passengers during inclement weather. Well thought of, and highly commendable.

THE SYNOD. or whatever it may be called, of a convention of the ministers of the Congregational Church, met at Petaluma yesterday. Dutch Flat is represented in the person of the Rev. John E. Benton.

NOTICE the card of Messrs. Hall & Harnden, of San Francisco. One of the firm, E. M. Hall, resided in our county for a number of years, and owns large interests here at present. Persons having business in their line can rely upon promptness and fair dealing.

MEMBERS of the Pacific Guard will see by referring to an advertisement in another column of this issue that they are needed at their armory on Saturday evening next, and "govern themselves accordingly."

SERIOUS ACCIDENT.—Last week, while Mr. Asa Miles was at work in the claim of J. Abel & Co., the bank caved upon him, breaking his left thigh and otherwise seriously injuring him. Dr. Nelson attended the wounded man, who is now as comfortable as could be expected.

PLEASANT.—The "hop" indulged in here last week is said to have been a very pleasant affair. A wag at our elbow suggests that the most agreeable feature was the absence of married ladies and grass widows. The wretch!

THE Grand Lodge of California of F. and A. M. met at San Francisco yesterday at the Masonic Temple.

IMPORTANT RUMORS, IF TRUE.

The Napa Register, of the 5th instant, contains the following rumors, and we would not be surprised if they were true. The Democracy of San Francisco refused, at their late Convention to nominate judicial officers, to endorse any Union or war Democrats, but gave the nominations to those who approached nearest the simon-pure secession doctrine. Governor Haight, having the game pretty much in his own hands, and having received the endorsement of this class of patriots—secessionists—will doubtless consider himself under obligations to them for his election by appointing them to all the offices within his gift. The programme as understood now, to be carried out will be David S. Terry, late Brigadier General in the rebel army, Adjutant General of this State, vice Evans, whom Haight intends to remove. It is stated that the secessionists of Tuolumne county, headed by State Senator elect Mandeville, will make the removal of the latter a *sine qua non*. Samuel H. Brooks, ex-Confederate and formerly Controller of this State during the rule of the chivalry Democracy, will, it is said, be the Chief Clerk in the Controller's office. J. Lancaster Brent, formerly of Los Angeles, late Confederate Colonel, is to have some lucrative State appointment. Col. Harry T. Thornton, of the rebel army, now in Nevada, is to displace Major Ustick, the present Assistant Adjutant General. Judge Porter, of Calaveras, late of the staff of Bishop Leonidas Polk, who it is believed is now on his way to California to share in the Democratic spoils. Probably Judge Botts will also return and claim his *quid pro quo*. Duke Gwin is after the Senatorship, notwithstanding his disavowal to the contrary. Horace Higley will probably be the Governor's private Secretary. Those Union men who voted for the cause they had been fighting for the last six years, will now appreciate the services of those who so successfully deceived them as to the issues of the September election. Be warned in time, and do not throw the Judiciary into the hands of those who have become, by fraud, double-dealing and chicanery, possessed of the Executive Department. We can, at least, save our courts of justice from pollution, by all coming to the rescue. There can nothing be truthfully alleged against the legal acquirements of Judge Curry; he has proven himself fully capable of discharging the high duties of a Judge of the Supreme Court, as well as above all the forces that could be brought to swerve him from a strict, conscientious, legal course in the discharge of the important duties of his office. No man has a more unsullied character in private life, and those who oppose him do so because of his virtues. The friends of good government and sound morality should leave no stone unturned to re-elect the only competent man now before them for this important office. It is not to be expected that those who have persistently favored the schemes of the confederated traitors will accord anything like justice to a man who has been a tower of strength in opposition to the hellish plot to break up our Government. We urge upon our citizens to awake from their lethargy, and gird on the sword of Justice and freedom for the fight on the 16th instant. You have tried Judge Curry, and he has not been found wanting; and now we call upon you to reward one who has heretofore stood faithfully by you in the dark hours of your need.

ENDORSE HIM.—The male teachers of the San Francisco School Department have had a meeting, in which they strongly endorse the Union nominee for Superintendent of Public Instruction, Hon. John Swett. The following is the resolution:

Resolved, That the teachers of the San Francisco public Schools, regardless of all present political distinctions, and actuated purely by regard for educational interests, are hereby earnestly requested to employ all honorable means to secure the re-election of Hon. John Swett for State Superintendent of Public Instruction.

This resolution was passed unanimously at a meeting of teachers representing both sides of politics. The meeting was composed of twenty persons, most of whom are principals in the several schools in San Francisco. If anything is to be gained from this circumstance, it certainly shows that Mr. Swett is in every way competent, in their judgment, for the office to which he aspires, and each one of these gentlemen should most assuredly be able to form a correct opinion of matters pertaining to their profession. On the other hand, Mr. Fitzgerald has nothing to recommend him save that he was, in 1863, a Secessionist, is now a member of the Methodist Episcopal Conference South, and will, if elected, do all in his power to divide the Public School Fund. Choose ye between the two.

SPRAGUE'S RECORD.—The Marysville Appeal's Shasta correspondent says that Royal T. Sprague was Anti-Lecompton, then Broderick, then Douglas, then Union, and now Copperhead Secessionist, and a faithful laborer with Zach. Montgomery in his States Rights doctrine. Nice record for a Judge of the Supreme Court, surely.

BETTER LATE THAN NEVER.—Hon. Edward Stanley, who stumped the State for Haight and the Democratic ticket, in speaking of Judge Curry's fitness for the office of Judge of the Supreme Court, in a recent letter to a friend, uses the following language:

Acting I hope from a sense of duty to the people of the State of California, I shall vote for the Hon. John Curry, who has been nominated for Judge of the Supreme Court. He has been tried and approved. His ability as a lawyer is undoubted; his character as a man and as a Judge without reproach. Had the Democratic party approved his nomination, though party rules might have been temporarily trodden under foot, they would have conferred immortal honor on themselves.

It is something in his favor to know that he is willing to give an unprejudiced opinion in favor of our nominee. Stanley is sufficiently known as a lawyer to give his opinions on legal acquirements weight, and we commend the above to those who refrained from voting at the last election.

LEFT-HANDED COMPLIMENT.—The San Mateo Gazette of the 5th instant, in noticing the fitness of the candidate for County Judge for re-election, says that "in consequence of the near approach of the Judicial election, the County Judge concluded it impolitic to open a round game at this term of Court, and keep it running as he has heretofore done during the term of the County Court. Although Mr. Hayes thinks it no disgrace for a County Judge to carry on games publicly that are declared criminal by statute, still his Honor thought that some in ght not think it exactly the thing, and accordingly he refrained from exhibiting his skill as a "rondoist." He adjourned the Court, however until after the election is over, at which time he will be free from all restraint, and a lively little game may be expected—provided his Honor should be so fortunate as to be re-elected." Wonder if the Democratic nominee for County Judge of this county will establish a faro bank at the county seat if he is elected?

A WONDERFUL LAMP.—C. P. Pollard, of Marysville, according to the Appeal, has recently introduced, as sole agent for the inventor, a most remarkable lamp, which is described by that paper as follows:

The lamp itself is nothing wonderful, but the inside arrangement is. The external appearance is of the ordinary kind of small stand lamp, and is made of brass, with a screw to regulate the burner. The inside, in which the fluid is placed, is double. Between the outside and inside linings raw cotton is placed which absorbs the fluid. The inside lining is perforated so as to permit the fluid to reach the cotton. To prepare it for burning all that is necessary is to fill the cavity of the lamp with the fluid, keeping it in long enough to saturate the cotton lining sufficiently. Then pour it off and light the lamp. A small lamp prepared in this way will burn twelve hours without replenishing. It gives a white, clear light, and produces no smoke or unpleasant effluvia as does kerosene. It is said to be the cheapest light ever yet discovered, and admirably adapted for the sick-room. The fluid used is called *Lucine*. It will not stain or grease clothing, and only costs \$1.50 per gallon. It is non-explosive. The light is obtained solely from vapor. Turn it upside down or in any direction you will, not a drop of the fluid can be seen. A gallon of the fluid will last an ordinary family six months.

A HOMICIDE.—A Mexican, who was co-habiting with a squaw in Shasta county, was killed by a man named Hoy, on the 1st inst. Hoy was shooting the squaw's dogs, when the Mexican was about to interfere and was shot.

OUR TOWN was again visited by a heavy shower of rain on Saturday and Sunday last, since which time it has remained quite cool, making a warm stove agreeable.

THE question of the location of the county seat of Lake county was settled at the late election by a majority of seven votes in favor of its removal to Lower Lake.

A BIG CONTRACT.—Hon. Oakes Ames, of North Easton, Mass., has contracted to build nearly the whole of the remaining portion of the Union Pacific Railroad—some 600 miles, passing through the Rocky Mountain region—receiving therefor over \$47,000,000. This is the largest private contract ever made.

SEMI-WEEKLY ENQUIRER.

TERRIBLE ACCIDENT.—The Virginia Tresspass of the 5th gives the following account of a terrible accident which occurred in the Chollar Potosi on the night of the 4th.

This morning while some workmen in the Chollar Potosi mine were engaged in timbering a portion of the old ground known as the incline, and situated about 40 feet south of the old Bajazette cave—which it will be remembered, swallowed the store of Wood & Go's—the timbers, and a large quantity of loose ground above following, and in its course burying a miner named Pat. Price in the timbers and loose quartz. His fellow-workman, who was helping him put the set in place, making his escape from being carried down with the falling mass by stepping to the south to the firm ground. Immediately his fellow miners collected at the edge of the cave, and he spoke to them from where he was buried asking them to get him out as soon as possible. After the space of an hour had passed, when a second fall buried him still deeper, when he called in a heart-rending voice to his companions to be quick, as he was smothering to death; and then all was silent except the falling earth and timbers, which suddenly gave way, forty feet above, in one grand crash, and sunk with the other ground, to the lower level of the mine, where all that is mortal of Patrick Price now lies buried beneath thousands of tons of ore and timbers, perhaps never to be exhumed.

SERIOUS ACCIDENT.—E. B. Dickinson, the express man, informs us that John Duffy was very seriously injured at Lowell Hill, a few days ago. Some three years ago, Duffy had one of his legs injured in a mining claim, and after suffering with it about a year, he was unable to heal, the leg was amputated. He has never entirely recovered, however, though of late he has been engaged in teaming, and such other work as he was able to do. Last Tuesday or Wednesday, while driving his team, the wagon broke down, throwing him out and hurting him very seriously, it not fatally. His well leg was broken in two places, above and below the knee, three ribs were broken from his backbone, and in addition he was hurt internally. It was feared on Thursday afternoon that he could not recover.—*Globe.*

SURVEYING PARTY.—A correspondent of the Butte Record, writing from Concow, in the northern portion of the county, states that Kodie's surveying party is at work some 12 miles above there, on the North Fork. They are chaining and setting the grade pins for the Oroville and Beckworth Pass Wagon Road Company—and are doing this on railroad grades and curves, with a view of demonstrating its entire practicability as a railroad route. The party expects to be down to Concow sometime during the coming week, and will approach Oroville as rapidly as the nature of their work will permit.

In alluding to the Copperhead hue-and-cry against Mr. Sweet's book, the enlightened California says:

The spectacle of California journals objecting to specimens of E. D. Baker's splendid eloquence in a school reader because the old hero was a Republican, furnishes a sad illustration of the meanness, and pettiness of soul sometimes engendered by bitter partisanship.

DEATH OF A PRINTER.—A. M. Ballard, a journeyman printer, fell from a bridge at Alamo, Contra Costa county, on Sunday afternoon, and sustained injuries so serious that they proved fatal in a few hours.

NATIONAL CONVENTION.—A New York dispatch, of October 2d, says Chicago has been agreed on as the place for holding the next Republican National Convention.

Snow is reported to be a foot deep at Cisco, and two feet at Meadow Lake.

Any stock upon which said assessment shall remain unpaid on the 25th day of October, 1897, shall be deemed delinquent, and unless payment shall be made before, will be sold on Wednesday the 13th day of November, 1897, to pay the delinquent assessments, together with costs of advertising and expense of the sale. CHOLERA!

MR. PERRY DAVIS:—Sir: The benefits I have received from the use of your invaluable remedy, the Pain Killer, induces me to pen you a word in its praise. Experience has convinced me that for Headache, Indigestion, Pain in the Stomach, or any other part of the system, severe Chills, Fever, common Colic, Hoarseness, CHOLERA, CHOLERA MORBUS, Diarrhea, Dysentery, Toothache, etc., there is nothing better than the PAIN KILLER. I have this hour recovered from an attack of the Sick Headache, by using two teaspoonfuls, taken at thirty minutes interval, in a wine glass full of hot water. I am confident that, through the blessing of God, I saved me from the cholera during the summer of 1883. Traveling and heat, dust, toil, change of diet, and constant exposure to an infected atmosphere, my system was daily pre-disposed to dysentery attacks, accompanied with pain, for which the Pain Killer was a sovereign remedy, one teaspoonful during the worst case in an hour, or at the most half a day. I have heard of many cases of dysentery being cured by its use. Put in the teeth, it will stop the toothache. Gratitude and a desire for its general use, has drawn from me this unsolicited testimonial in its favor.

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to a nervous recovering from debility whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

A VILLAIN.—Were we called upon to paint a perfect devil, we would not paint a horned monster, red hot from pandemonium, hissing and spurning his lava from eyes, mouth and nostrils. We would paint a yelling, tattooed Indian, with one hand grasping his reeking tomahawk, the other clutching in the long tresses which he has just torn from the head of a defenseless female. We would not paint a sinister assassin, disguised and blood-greased, creeping with stealthy cat-like tread into the presence of his sleeping victim. These are all horrid enough; but there are blacker devils than they upon the earth.

This is how we should paint him. He should be a man, courted and petted in society, a parlor favorite, handsome as an Adonis. We would throw long, wavy locks around his finely proportioned head. He should move in brilliant halls, and be the cynosure of admiring eyes. Wise men should seem-ingly be listening to his eloquence, and fair women should applaud him with their sweetest smiles. But there should be a blackboard to the picture. At should be a girl, humble, but fair as the lily, whose heart is the charnel-house wherein is entombed her dead virtue, and with slender, emaciated fingers should point out her seducer, the murderer of her honor, her chastity, her sole heritage. Who would say we have not painted a perfect devil?—*Atlantic Gold on Era.*

THE NEW ATLANTIC TELEGRAPH.—It was announced some time ago that the French Government had authorized an Anglo-French company to lay a telegraphic cable from Brest to the American Continent. The *Paris* says the preliminary soundings commenced four months ago are complete. The cable will be laid from Brest to St. Pierre Miquelon, it having been ascertained that the bottom of the ocean along that line is favorable to the design. From St. Pierre it will go along the coast of New Brunswick, and the shores of the States of Maine, New Hampshire, Massachusetts and Connecticut. A direct line from Brest to New York would offer many difficulties, owing to the tremendous depths of some parts of the ocean, where the officers employed have been unable to find soundings, and where, consequently, immense quantities of cable might be sunk without result. The laying of the cable now making in London is to begin in May next year, and the great Eastern is to be employed to lay it. It is hoped that a month will suffice for the work, and that in July, 1883, at latest, France and the European Continent will be in direct telegraphic communication with America.
